Sign In Forgot password? The book suggests that the war experience World War II even more than the legislative battles of the s, defined the role of advertising in U. Receive exclusive offers and updates from Oxford Academic. Is this product missing categories? This book challenges the notion that advertising While advertising could be criticized or lampooned, the institution itself became inviolable. Stole is an associate professor of communications at the University of Illinois at Urbana-Champaign and the author of Advertising on Trial: Is this product missing categories? Stole's previous book Advertising on Trial explored the battles between corporations and consumers from the 19th century to the present. Early, and Medieval Prose and Writers:
