As with codes, invisible ink, and carrier pigeons there was nothing new in the fabrication of false papers. From the Russo-Japanese War have come sources suggesting that the Japanese organized espionage and sabotage rings behind Russian lines in Manchuria and that they opened liaisons with Russian revolutionary parties and nationalist movements, having laid the groundwork for these ties several years in.

The best way was to recruit people who were already there, a technique that favored

As it evolved into a fight between French and Germans, it ushered in an era of national competitiveness and assured that the next war would again be a war of peoples and nations. One writes about sabotage but only occasionally, plans sabotage missions but only in the most preliminary way.

Civilians readily connected expectations of how the next war would be fought

fifth-column imagery, the most celebrated spy vision of the century, is, to a considerable extent, a refugee story. These currently reside at the Hoover Institution and await their historian.
