How can relationships survive this ultimate betrayal? I started advising patients 12 months ahead. Authors should concisely put forward an opinion, supported by argument and evidence. But the scenario that causes the most disruption among partners is termination. A chief consideration for contributions to the Special Issue will be originality in the form of theory and concept building, methodological innovation, novel policy perspectives and original field research and data. However, this notice period can be varied, by A Practice Affair, when a partner decides to leave. When rumination gets out of hand, Weiner-Davissaysheteachesthought-stor rationale can be summed up as follows:
