Eating India: An Odyssey into the Food and Culture of the Land of Spices [Chitrita have explored the cookery of her native Bengal (Life and Food in Bengal)].

**Eating India : exploring the food and culture of the land of spices in SearchWorks catalog**

In Eating India, the award-winning writer Chitrita Banerji takes us on a thrilling journey through a national food formed by generations of arrivals.

Though it's primarily Punjabi food that's become known as Indian food in the United States, India is as much an immigrant nation as America, and it has the vast.

Just a moment while we sign you in to your Goodreads account. Interesting reading for foodies, especially for indian food lovers.

For a book that claims to be about food this certainly disappoints. I made the mistake of borrowing this book from the library. The travelling the author did and some of her descriptions about the area, people and customs I found really interesting and absorbing, but there was too little of. Actually, the edition of this book that I bought in India was paperback and had the subtitle 'Exploring a Nation's Cuisine'.

It's well written and quite informative; in fact, I learned a great deal about to Read saving...
